## Compliance Report on IQAC Initiatives Session 2023-24

The academic session started with proper planning of teaching learning schedule and enrichment activities. Major emphasis was on the process of facilitating the students with all possible opportunities for grooming themselves and translating their textual and conceptual knowledge to realistic situations and to inculcate value added education for their established future. For achieving these goals following initiatives were laid down and worked upon :-

- Academic planning and execution of Third Year Degree course in NEP  
A series of events were planned throughout the year to explain the benefits of National Education Policy. Counselling of teachers and students were held out to explicate the details of marking system and future prospects of different subject combinations. Detailed induction program and sensitization of students for preparation of exams without stress were carried out.
- Upgradation of college infrastructure  
Students passionate about any sport were encouraged to practice regularly and participate in various competitions, from college-level tournaments to prestigious state and national events. To support these aspiring athletes, the college has undertaken a significant renovation of its playground this year, providing them with an enhanced environment to hone their skills and excel in their chosen sports. Also substantial scholarships upto 100% of tuition fees were provided to sports persons.
- Acquainting students with applicability of their subjects  
The institute fostered a proactive approach to career planning by organizing a diverse range of programs. The Institution's Innovation Council (IIC) played a pivotal role in this process, conducting valuable sessions on developing startup ideas, facilitating industrial visits, and organizing skill-development workshops. These experiences significantly boosted student confidence, empowering them to pursue entrepreneurial ventures. Science students received specialized training in industrial analytical procedures, preparing them for technical and personal interviews, which led to immediate job placements. Students with a research inclination were assigned research projects and encouraged to present their findings at international and national conferences. Their research efforts also resulted in the publication of research papers in esteemed UGC-care listed journals.

## Thrust on Experiential Learning

Students were made to participate in numerous events in order to give them an experiential learning related to course curriculum, professional and moral values. Events such as guest lectures enrich the subjective gain of students, industrial and institutional visits familiarize students to the commercial establishments, workshops enhance the skills of the students Celebration of Science Day, Mathematics day and visit to RRCAT instilled the sense of pride among students for the gems of our country.

The compliance report was presented among following IQAC members:-

- |                                   |  |
|-----------------------------------|--|
| 1. Chairperson                    | Principal, Prof. (Dr.) Anand Nighojkar |
| 2. Teachers                       | Prof. (Dr.) Dipak Sharma               |
|                                   | Prof. (Dr.) Pushendra Dubey            |

## Following points were discussed in the meeting:-

### Students participation in events

It was observed that students actively participate in sports & cultural events where as in academic events their participation needs to be increased. It was discussed and suggested that the academic events should incorporate competitions for students & participating students should be scoring marks to be considered as one of the CCE.

### Improvement on Evaluation Opportunities

Focus on weaker students was planned by allowing them multiple opportunities for improving their CCE score also they should be encouraged to attend classes regularly & the students attending regular classes should be preferred to participate in various activities.

### Internal Audit System

IQAC member Dr. R Vyas suggested that academic audit must be planned wherein each department should submit its report & presentation before Principal & Chairman. Energy auditing & fire auditing was suggested.

30-10-23

A meeting of staff members with Principal was held on 26<sup>th</sup> of October 2023 at 1 PM in Room No. 1 to gear up with the preparations of filling Annual Quality Assurance Report (AQAR). The list of attendees is attached herewith.

Discussion was done on following points in the meeting:-

- All the departments need to prepare a report of all the activities done in the session 2022-23.
- Documents related to curricular, co-curricular and extra-curricular activities conducted by the departments have to be submitted to the IQAC Cell for preparation of AQAR.
- Photographs and news clips of all the events should also be submitted for the conducted events.
- Head of Departments need to go through the SSR and the NAAC Grade sheet to study the points where we scored less so as to improve in future.
- Doubts of the faculty members regarding filling up of AQAR were solved.

Approved by Govt. Of M.P. and AICTE Delhi, DAVV Indore & RGPV Bhopal

## Following steps shall be taken to meet above objectives:-

The execution of courses according to NEP shall be communicated to faculty members and planning of the academic session shall be done.

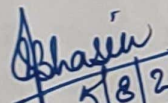

College playground and auditorium shall be renovated

Internships, Certificate courses, Start-up programmes shall be organized in order to explain the applicability of the subjects to students.

National Mathematics Day and National Science Day shall be organized to make the students familiar with our rich traditional education and culture.

National Level Conferences shall be organized to acquaint the students with enormous future avenues.

Efforts shall be initiated to fulfil and implement all the above initiatives by communicating to all the departments.
