Student Feedback and Suggestions:

In all the parameters, all the students are either extremely happy or happy with teaching, learning and evaluation process of our college. Academic excellence and research acumen of the faculty is visible in their student centric teaching methods. Students are also satisfied with the infrastructure facilities, sports activities. However, some students are of the view that more events and cultural activities should be organised, all the classrooms should have LCD projectors. Wi-Pfi connections should be improved. A place should be dedicated for indoor games. College also needs to work more on placements.
