Muskurahate Report for Session 2019-20

➤ Donation during COVID-19 Pandemic

At the time of COVID-19 Pandemic, there was a complete lockdown in the city. Many families were stuck in the city and could not move to their hometown. People on daily wages ran out of money and didn't have any food storage at home. It was a crises situation everywhere, so the college management along with local political parties distributed food materials and essential items to these people. College management also helped the staff members who were staying in the college during lockdown by providing them with food and essentials.
